Offer

Fittings for production and assembly of plastic, wooden and aluminum windows and doors.

The Meesenburg Group is one of leading building materials' specialist and service partner for the building industry mainly concentrating on windows and doors. The vast product portfolio of the company includes window and door hardware, montage materials, fastenings, tools, chemicals, security systems, furniture hardware from most powerful brands of the world (more than 150,000 products). Furthermore, our company's exclusive product range under trademark "blaugelb" gives us the opportunity to satisfy our partners' needs - be it quality, specific technical requirement or price - much faster and in a flexible fashion.

The Meesenburg Group is dedicated to satisfy the individual needs of our partners and provide specific product packages and tailored services utilizing its expertise and understanding of market conditions. One key principle is to rely on long-term trust instead of short-term successes, something that is reflected in the personal relationships we

have with all our suppliers, customers and staff. Exercising this belief, the Meesenburg Group grew to one of the biggest companies in its industry, more than 1200 employees in 31 branches in Germany and more than 10 countries worldwide successfully serving its partners.
