Description

We are a SME located in the south of Saxony and work all over Europe in the field of building technology and industrial plants. The company is on the market for more than 10 years.

Our focus are piping installation, heating, plumping, clima and ventilation.

We offer installation as well as maintenance and repair.

At the moment we employ 50 employees here in Saxony.

Our projects are in Germany and all over Europe. We have various language skills available in our company because our employees come from different countries (CZ,PL for instance).

Jsme MSP na jihu Saska a působíme po celé Evropě v oblasti stavebních technologií a průmyslových závodů. Společnost je na trhu již více než 10 let a zaměstnává 50 pracovníků.

Zaměřujeme se na instalace potrubí, vytápění, klempířství, klimatizace a větrání.

Nabízíme montáž, údržbu a opravy.
