Bilateral Meetings

- 10.15 - 12.30

Description

The company is located north of Dresden and was founded in 1990. Meanwhile we employ 35 employees and work already with foreign subcontractors. With numerous maintenance contracts and a broad customer service, we are experienced with the up to date technology and offer repairing and maintaining of sanitary and heating systems.

Naše společnost založená v roce 1990, se nachází severně od Drážďan. Zaměstnáváme 35 pracovníků a spolupracujeme se zahraničními subdodavateli. Díky četným zakázkám na údržbu a rozsáhlému zákaznickému servisu máme zkušenosti s moderními technologiemi. Nabízíme opravy a údržbu sanitárních a topných systémů.

Request

subcontracting for building services

We are looking for support in the installation of heating, sanitary, ventilation and air-conditioning technology in the form of subcontractors.

The subcontractors should provide partial services, for instance insulation, laying of insulation and underfloor heating. The subcontractors are needed for projects in Germany - mainly Saxony/Eastern Germany.

Keywords: heating sanitary climate control
