Description

Construction company operating mainly in Germany and the Czech Republic. We have lots of experiences in renovating and building the agriculture building or industrial halls (installation the trapezoidal metal sheet on roofs, assembly of sandwich panels, plumbing) and installation works (air conditions and fastening systems). We are also doing plasterboard, masonry, tiling and roofing work, all kinds of construction and reconstruction indoor and outdoor works.

Stavební společnost působící převážně v Německu a České republice. Máme mnoho zkušeností s renovací a výstavbou zemědělských budov nebo průmyslových hal (instalace lichoběžníkového plechu na střechy, montáž sendvičových panelů, instalatérské práce) a montážními pracemi (vzduchotechnika a upevňovací systémy). Provádíme také sádkartonové, zednické, obkladačské a pokrývačské práce, stavební a rekonstrukční práce uvnitř a venku.
